MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying unaudited condensed interim financial statements of West Red Lake Gold Mines Inc. (the "Company" or "West Red Lake") are the responsibility of the management and Board of Directors of the Company.

The unaudited condensed interim financial statements have been prepared by management, on behalf of the Board of Directors, in accordance with the accounting policies disclosed in the notes to the unaudited condensed interim financial statements. Where necessary, management has made informed judgments and estimates in accounting for transactions which were not complete at the statement of financial position date. In the opinion of management, the unaudited condensed interim financial statements have been prepared within acceptable limits of materiality and are in accordance with all applicable International Financial Reporting Standards.

Management has established processes, which are in place to provide them sufficient knowledge to support management representations that they have exercised reasonable diligence that (i) the unaudited condensed interim financial statements do not contain any untrue statement of material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it is made, as of the date of and for the periods presented by the unaudited condensed interim financial statements and (ii) the unaudited condensed interim financial statements fairly present in all material respects the financial condition, results of operations and cash flows of the Company, as of the date of and for the years presented by the unaudited condensed interim financial statements.

The Board of Directors is responsible for ensuring that management fulfills its financial reporting responsibilities and for reviewing and approving the financial statements together with other financial information. An Audit Committee assists the Board of Directors in fulfilling this responsibility. The Audit Committee meets with management to review the internal controls over the financial reporting process and the unaudited condensed interim financial statements together with other financial information of the Company. The Audit Committee reports its findings to the Board of Directors for its consideration in approving the unaudited condensed interim financial statements together with other financial information of the Company for issuance to the shareholders.

Management recognizes its responsibility for conducting the Company's affairs in compliance with established financial standards, and applicable laws and regulations, and for maintaining proper standards of conduct for its activities.

NOTICE TO READER

Under National Instrument 51-102, Part 4, subsection 4.3(3)(a), if an auditor has not performed a review of the unaudited condensed interim financial statements, they must be accompanied by a notice indicating that the financial statements have not been reviewed by an auditor.

The accompanying unaudited condensed interim financial statements of the Company have been prepared by and are the responsibility of the Company's management.

The Company's independent auditor has not performed a review of these unaudited condensed interim financial statements in accordance with standards established by the Canadian Institute of Chartered Accountants for a review of interim financial statements by an entity's auditor.

1. Nature of operations and going concern

West Red Lake Gold Mines Inc. (the "Company") was incorporated on November 29, 1991 under the Business Corporations Act (Ontario). On May 30, 2012, the Company changed its name from "Hy Lake Gold Inc." to "West Red Lake Gold Mines Inc.". Effective June 29, 2012 the common shares of West Red Lake commenced trading on the Canadian Securities Exchange ("CSE") under the trading symbol RLG and prior to that it traded under the symbol HYL.

The Company commenced its current business activities of acquiring, exploring and developing mineral properties on October 1, 2005. Substantially all of the efforts of the Company are devoted to these business activities. To date the Company has not earned significant revenue and is considered to be in the exploration stage. The ability of the Company to carry out its business plan rests with its ability to secure equity and other financing.

As at December 31, 2017, the Company had working capital of \$612,178 (September 30, 2017 - working capital of \$178,952), had not yet achieved profitable operations, has accumulated losses of \$20,261,310 (September 30, 2017 - \$20,001,946) and expects to incur further losses in the development of its business, all of which cast significant doubt upon the Company's ability to continue as a going concern. The Company is in the exploration stage and has no proven reserves or production relating to its operations. The application of the going concern assumption is dependent upon the Company's ability to generate future profitable operations and obtain necessary financing to do so.

Management believes the Company can obtain sufficient financing to cover planned operations throughout the next twelve month period. Management plans on securing additional financing through the issue of new equity, among other things. There is no assurance that these initiatives will be successful.

These unaudited condensed interim financial statements have been prepared on the basis of accounting principles applicable to a "going concern", which assume that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations. The business of mining and exploring for minerals involves a high degree of risk and there is no guarantee that the Company's exploration programs will yield positive results or that the Company will be able to obtain the necessary financing to carry out the exploration and development of its mineral property interests.

Management believes the going concern assumption to be appropriate for these unaudited condensed interim financial statements. If the going concern assumption was not appropriate, adjustments might be necessary to the carrying value of the assets and liabilities, reported revenues and expenses, and the balance sheet classifications used in the financial statements.

The recoverability of the carrying value of exploration properties and the Company's continued existence is dependent upon the preservation of its interests in the underlying properties, the development of economically recoverable reserves, the achievement of profitable operations, or the ability of the Company to raise additional financing, if necessary, or alternatively upon the Company's ability to dispose of its interests on an advantageous basis. Changes in future conditions could require material write-downs of the carrying values.

Although the Company has taken steps to verify title to the properties in which it has an interest, in accordance with industry standards for the current stage of exploration of such properties, these procedures do not guarantee the Company's title. Property title may be subject to government licensing requirements or regulations, unregistered prior agreements, undetected defects, unregistered claims, native land claims, and non-compliance with regulatory and environmental requirements.

The primary office of the Company is located at 82 Richmond Street East, Suite 200, Toronto, Ontario M5C 1P1.

2. Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC"). These unaudited condensed interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC. The policies applied in these unaudited condensed interim financial statements are based on IFRSs issued and outstanding as of February 20, 2018, the date the Board of Directors approved the statements.

The same accounting policies and methods of computation are followed in these unaudited condensed interim financial statements as compared with the most recent annual financial statements as at and for the year ended September 30, 2017. Any subsequent changes to IFRS that are given effect in the Company's annual financial statements for the year ending September 30, 2018 could result in restatement of these unaudited condensed interim financial statements.

New standards not yet adopted and interpretations issued but not yet effective

The following accounting pronouncements have been released but have not yet been adopted by the Company.

(i) IFRS 9 Financial Instruments

IFRS 9, Financial Instruments was issued in final form by the IASB in July 2014 and will replace IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the multiple rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets.

Most requirements in IAS 39 for classification and measurement of financial liabilities were carried forward unchanged to IFRS 9. The new standard also requires a single impairment method be used, replacing the multiple impairment methods in IAS 39. IFRS 9 also includes requirements relating to a new hedge accounting model, which represents a substantial overhaul of hedge accounting which will allow entities to better reflect their risk management activities in the financial statements.

The most significant improvements apply to those that hedge non-financial risk, and so these improvements are expected to be of particular interest to non-financial institutions. In addition, a single, forward-looking expected loss impairment model is introduced, which will require more timely recognition of expected credit losses. IFRS 9 is effective for annual period beginning on or after January 1, 2018. Earlier application is permitted. Management has not yet determined the potential impact the adoption of IFRS 9 will have on the Company's financial statements.
